# Welcome to the

## AMDAHL ANGUS & HEREFORD BULL AND FEMALE SALE

Welcome to Amdahl Ranch Bull and Female Sale. We once again feel blessed to not only work with livestock on a daily basis, but continue to do what we love and enjoy. We appreciate your interest in our program and look forward to serving you in your breeding decisions and seed stock needs.

All cattle are born and raised right on the ranch. Calves are not creep fed. As the weaning weights increase, we feel confident that our genetics continue to excel in our harsh western climate. This year's offering includes many new and exciting sires that will continue to add pounds at weaning and longevity. This year we sought out to find the best new herd sires to bring to the Ranch to compliment our program. We are offering their first progeny in pregnancy with our outstanding line up of bred females. These owned sires include, Baldrige Mountaineer, Tost Load Limit, Spring Cove Mission, Ostrand Grand Island and RRR Free State.

The bulls will be semen tested, vaccinated, branded and we will deliver starting March 1st.

Whether you're in the commercial or registered cattle business, we know the key to your success is producing a live calf at birth and the top cut quality calf that weighs down the scales come weaning time, still keeping as our top priority that females are the backbone to any successful operation. That's why we base our breeding decisions on maternal traits, growth and structural soundness.

Intensive use of powerful donors and extensive embryo transfer has allowed us to progressively enhance the phenotypic and performance genetics that our customers desire.

We hope that you contact us directly if you have any specific questions or if we can be of any assistance at all. As always, we thank you in advance for supporting our program and look forward to seeing you at the ranch on November 19th.

God Bless,

*The Amdahls*

Tim & Marcia Amdahl

Coley, and Maverick Amdahl

## OUR 5-STAR SYSTEM

★★★★★

## CALVING EASE

5-Star Rating System: Most of our bulls offered for sale could be used on first calf heifers due to shape and size. To help you identify our calving ease proven bulls, we have a 5-Star rated system, 5-Star being our easiest calving. Our 1 and 2 Stars are for cows, because the sires are less proven on heifers. Our 3, 4 & 5-Star rated bulls are out of proven calving ease bloodlines for birth weight and shape. These bulls will work the easiest on heifers.

## Option of payment

Put half down the day of the sale and the rest when you sell calves. Call with any questions.

## Additional Insurance

Will be available sale day.

## Liability

All persons attending this sale do so at their own risk, legal or otherwise, for their safety or the behavior of the animals. The Owners, Auction Service and Sale Staff assume no liability for property loss or any accidents that may occur.

## Announcements

From the block will take precedence over the catalog. Buyers unable to attend may send their bids to the Auction Service, Field Representatives or Auctioneer.

Amdahl's and their stock have never let us down and in the summer/fall when we're marketing our calves, the buyers sure like to hear the name Amdahl Angus as our sires. My suggestion: buy this families stock, it's top notch. ”

- 229 earned a weaning ratio of 109.
- He is backed by generations of maternal excellence.

We have been purchasing bulls from Amdahl Ranch for over 10 years and have enjoyed working with them to improve our cow-calf operation. While finishing our own cattle and raising our own replacement heifers, we need bulls with excellent carcass merit, strong maternal traits and easy fleshing ability. Amdahl bulls consistently check all of the boxes.
