**WHERE  
COWMEN  
BUY  
BULLS**

# Welcome...

Welcome to our 2018 sale. We have been blessed with a remarkable grass year and it stayed green a long time. Herd health has been excellent and the market is letting us operate at profitable levels. The more people that own and feed Hereford influenced cattle the stronger our reputation becomes as their efficiency and quality stand out. Selling hybrid vigor has become a valuable commodity.

We have rebuilt the facility and retooled our bull ration and in general tried to revamp our management to 2018 technology. Bulls are kept on high roughage rations and a balance between showing their genetic potential and staying sound go hand in hand. The bulls have walked miles. They are halter broke. Anybody that has roped one of these halter broke bulls will testify to the temperament and value of the disposition of this herd.

An udder that does not work is a ticket out of here. Berry bulls are better bulls and the cows make the difference. Cows are expected to calve unassisted and calves start themselves. The herd is handled in as practical a manner as possible. We think before you read any EPD those are quite valuable traits. Please take time and come early as 75 pairs are close to view sale day. We have 25 fall pairs offered privately with calves by 589, Anchor 29C, Breaking Out 67D, and I-80. They are a good set of young cows. We will know by sale day what we have for bred heifers and cows for sale this fall.

We are delighted to present such an outstanding set of bulls. We have our last set of Pi genetics and it's like free Wi Fi but it is free calving ease everywhere. Daughters have become role model females. This is the introduction of 589 sons (our second son of the 1161 cow) and his outstanding progeny. Sensation works well with these cattle and our "start with a live calf philosophy." His sons will continue to work here. Our polled cattle are Foremost and Steele genetics this year.

All bulls are semen tested and we will provide health papers to go anywhere. Free delivery on a \$4,000 purchase for three hundred miles. We cooperate on deliveries. Fifty dollars off if bulls are picked up within a week. Sale is carried with DV Auction.

What a beautiful thing to have my partner back after many years of teaching. The kids living close enough to help is huge. We are grateful for all the work we get from Dusty and Sam Buffington and family. We are extremely grateful for your support of this program and continue to try to improve it for you.

## CL 1 DOMINO 314A [DLF, HYF, IEF]

Calved: 1/5/13      Reg. #43379692

CL 1 DOMINO 929W DLF, HYF, IEF	{ CL 1 DOMINO 637S 1ET
CL 1 DOMINO 105Y DLF, HYF, IEF	{ CL 1 DOMINETTE 615S DLF, HYF, IEF
CL 1 DOMINETTE 9140W 1ET DOD, DLF, HYF, IEF	{ CL 1 DOMINO 732T SOD, DLF, IEF
	{ CL 1 DOMINETTE 475P DLF, HYF, IEF
CL 1 DOMINO 8165U 1ET DLF, IEF	{ CL 1 DOMINO 9126J 1ET SOD, CHB, DLF, IEF
CL1 DOMINETTE 1116Y DOD, DLF, HYF, IEF	{ CL 1 DOMINETTE 876H 1ET
CL 1 DOMINETTE 9184W DLF, HYF, IEF	{ CL 1 DOMINO 461P 1ET DLF, IEF
	{ L1 DOMMINETTE 520 DLF, HYF, IEF

His uniformity and consistency are unparalleled here. His progeny will give this herd a column shift in quality. Janice named him Pi and it stuck. He deserves it. One calf looks like another and he is a well-rounded, complete sire. Fertile, gentle, free moving, easy calving, extra rib, and the list, like Pi, does not stop. His daughters are great and they milk and stay bred. Y Cross at Horse Creek had 43 calves from black heifers, bulls avg 77 lbs. and heifers 73 lbs. without any assistance. Start with more and end with more, we feel he makes Sensation better. It is about shape, and that is what makes him so successful. 180 progeny were born on our ranch and it has us in a straight line to our next great one. 20 sons sell.

## B FOREMOST 24C [DLF, HYF, IEF]

Calved: 3/6/15      Reg. #P43724677

FELTONS SOUNDER 957 SOD, DLF, HYF, IEF	{ FELTONS LUTE 680 DLF, HYF, IEF
EFBEEF FOREMOST U208 DLF, HYF, IEF	{ FELTONS C9
EFBEEF G824 KATE S610 ET	{ EF 821C MR CARCASS G824 CHB
	{ FELTONS KATE P38 DOD, DLF, HYF, IEF
CHURCHILL SENSATION 028X CHB, SOD, DLF, HYF, IEF	{ UPS DOMINO 3027 SOD, DLF, HYF, IEF

B SANDYANN 2000M DOD, DLF, HYF, IEF	{ BP 146D SANDMAN 108J SOD
	{ JAB STARLETTE 99J

I felt U208 was a logical step for this herd because the remarkable carcass numbers for a heifer bull. He cleaned up 84 heifers as a yearling and 50 his second year. He is a long-bodied, traveling machine. He is a darker bull with full pigment. Dam, as a four year old, is hall of fame caliber coming from our Sandy cow family. He is more of a performance sire with acceptable calving ease. Three sons sell and Lot 45 is herd bull caliber.

		{ CL 1 DOMINETTE 8184H DOD

He is called "the answer bull." There are 4,686 recorded AHA progeny and countless commercial calves born to 28X and his outstanding EPD profile holds. He is known for short gestation and thick, meaty offspring. Daughters are easy fleshing, breed lots of pigment, and stay in the herd. He is a flawless heifer bull. On our larger cows he moderated frame successfully. We own two superior sons in our program and feel these genetics have a place here. 12 sons.

## CHURCHILL DOMINO 5134C ET [DLF,HYF,IEF]

Calved: 1/15/15

HVH OKSANA 4L 33N DLF,HYF,IEF	{ HVH KREMLIN 57F 108K
	{ HVH GENETIC QUEEN 53H 4L DLF,HYF,IEF

His sire, 955W, has been the muscle and power Line One bull with a 107 YW and an impressive 0.77 REA EPD. The dam's side is out of the same cow family as last year's top heifer calf at Churchill's for \$50,000. They were very acceptable for calving and look to have the meat. More impressive is Eddie Steele's generosity in letting us use this sire fall 2016 for our polled females. Thanks. Sons and daughters should deliver. 5 sons.

			L1 DOMMINETTE 520	DLF, HYF, IEF

I know this sounds scary but it describes what makes 589 a classically easy on the eyes performance sire. The Golden Ratio is a mathematical ratio. It is commonly found in nature, and when used in design, it fosters organic and natural looking compositions that are aesthetically pleasing to the eye. I think they are extremely stylish, well-proportioned cattle that show up at the scales. 22 head of bulls and heifers indexed 102 at both weaning and yearling. 11 sons.

## HH ADVANCE 5044C ET [DLF, HYF, IEF]

I took a leap looking for the best outcross genetics and York was an easy choice. This heavily scurred son of York is a great bet for heifers. The Y02 EPD profile is what we strive for in terms of a balance of traits. We are excited to have two full sisters. He is a stretchy heifer bull with highly proven genetics. He would have been heavier if he knew how to behave.

His full sister is the dam of Lot 1 and last year's full brother went to Empire Ranch. Dam consistently raises herd bull caliber cattle. He is bold, stout, and rugged. The extra bone and mass will keep him from being a heifer bull (BW 100 lbs.) but valuable none the less. Recommended for baldy replacements.

This calf had two potential sires, 24C or a Pi son from two years ago. He has a scrotal of 37 cm and I figured that was big enough to handle any questions about "Who's your daddy?". Lots of growth and low birth weight.

**Bonham Ranch - 10 Bred Heifers**

This is a guest consignment from long time neighbor and friend Bill Bonham. These 10 heifers are primarily sired by Berry bulls and rebred to Red Angus sires. These heifers and all sires run up to 8,500 feet elevation so they will PAP safe. Like their moms, these easy fleshing heifers calve and rebreed quickly, as Bill's fertility and milk is top flight. All will calve in a 30-day window starting 3/1. They have had a full calfhood and prebreeding vaccination program.

We call him I-80. Our handle for this young sire comes from his journey to California to his winter home at Morrell Ranches. He is a low BW meat wagon. When you see the rump shape on these calves you are going to like them. Sire has over 5,000 progeny and dam is superbly feminine but can really produce. Calves were our best surprise. This spring we got 36 head and he was also used on cows this summer. He follows our optimum not maximum production philosophy.

He is in top 5% of the breed on 14 different traits. He is an amazing individual that is built right, travels right, and is a natural herd bull. We have partnered with Churchill Herefords and Lerwicks to get him. He is a bold statement about optimum production and will play a big role here. Long Haul is a great name because that is what we are in this for.
