# *Cattlemen and Cattlegirls*

We hope you all had a good 2017 and will have an even better 2018.

We would like to invite you to attend our 28th Annual Bull Sale on Feb. 8th at Belle Fourche Livestock at NOON. This year we will be offering 25 Yearling Bulls and 20 Forage Developed 20 Month Old Bulls.

I just want to make it clear that we are not running two different herds. I made the switch from winter calving to late spring calving in a three year period. This is the last year we will be offering yearling bulls in our sale.

We still follow our Key Principles: Fertility, Maternal Traits and Efficient converters of grass to pounds. Cows are exposed 42 days and must wean a calf no exceptions. Bulls sell with our first breeding season Unconditional Guarantee. Stop by the place any time to inspect the cow herd and bulls before the sale. We are one mile west of Nisland, South Dakota on US Highway 212. We would like to thank each and every one of you for your continued support in our program.

*Sincerely,*  
*Bryce and Meghan Foes*  
*Renee' Foes*

# ***SALE INFORMATION***

## **SALE LOCATION**

**Belle Fourche Livestock Auction**

**1½ miles west of Belle Fourche on HWY 212**

## **SALE DATE:**

**Thursday, Feb. 08, 2018 • 12:00 pm**

## **Contact Person**

Bryce Foos

Home phone 605-257-2391

Cell phone 605-645-9569

E-mail foosangus@sdplains.com

## **AUCTIONEER**

## **WESTERN LIVESTOCK REPORTER**

Jason Frey 701-300-0845

## **VET**

Dr Jim Meyers 605-892-2618

All bulls have been vaccinated at branding with Hemophilus, Pyramid 5, and 7-way. The bulls were vaccinated with Hemophilus, 7-way, and Pyramid 5 at weaning. They were boosted with Haemophilus and Presponce. They will be tested for BVD and given two Foot Rot vaccinations in the spring prior to delivery.

## **FEEDING PROGRAM**

We have gone back to feeding a whole mixed ration of Sorghum silage, barley and alfalfa/grass mix hay. After the sale the bulls will be slowly weaned off of the grain and by delivery time on a straight hay diet. They are also fed a high quality mineral formulated by High Plains Nutrition.

## **GUARANTEE**

The bulls are guaranteed for the first breeding season. If something happens to your bull we will credit you the price you paid minus the salvage value towards next year's sale. If the bull dies the full purchase price will be credited at the following years sale.

## **DELIVERY AND WINTERING**

The bulls will be delivered free of charge to adjoining states and at cost beyond. After the sale, the bulls will be returned to the ranch and wintered free of charge until the first of May.

## **SATISFACTION GUARANTEED**

If you are unable to attend the sale you may leave bids with us or with a ringman. All bids will be handled in a professional manner.

## **FERTILITY TEST**

The bulls will be fertility tested around the first of April. Yearling weights and scrotals will be available sale day.

## ***Bid Online!***

*If you are unable to attend the sale, you can register to watch or bid online through the Livestock Link by following these instructions:*

- *Visit our website, [www.thelivestocklink.com](http://www.thelivestocklink.com)*
- *Click the "Online Auctions" tab.*
- *Click on "Click Here to Register".*
- *Enter your e-mail address and password, and fill out all your contact information.*
- *Fill out your Banking Information. If you are only viewing the sale and do not wish to bid, this information can be left blank.*
- *Check the box at the bottom of the page that says "I'm not a robot" to prove you are a real person.*
- *Click "Register" at the bottom of the page*
- *You will receive an email with a link to activate your account.*
- *Please register to bid at least 24 hours in advance of the sale.*
- *Contact Aaron Friedt at (701) 590-9597 for help or with any questions.*

You will receive an email when you are approved for bidding. All applications will be reviewed and processed promptly. You will receive a bidder number only after you have made a purchase in the sale, and that number will only be used at that sale. When the sale is completed, please contact the sale owner or manager for instructions of payment and delivery of your purchase. To use our service, you must have access to High Speed Internet.

### ***Questions?***

# *Coming 2 Year Old*

## *Forage-Developed Bulls*

**There has been a lot of changes here at Foos Angus in the past few years. We have always sold yearling bulls at the bull sale and the cows started calving mid-January. We have since started calving starting the middle of May through June. From now on we will be selling coming 2 year old forage developed virgin bulls.**

**The bulls have never been fed grain in their life, strictly a forage diet. We are always trying to do things that help our customers be more profitable. A strictly forage-developed bull has a long list of benefits to you, the customer. You're buying muscle not an overweight fat bull that is lucky if he lasts to 4 years of age because of bad feet or liver problems. They will cover more cows and you'll see the bull's true genetic potential with little to no costly inputs, such as corn or other starch based products.**

**We are in the business of turning grass into pounds, any other inputs just eats away from all of our profitability. Bulls were put on grass on May 13<sup>th</sup> and came off on November 9<sup>th</sup> for a 180 day test. The average weight of bulls off of grass was 1291 pounds. They sell with the same guarantee as yearling bulls.**
