Annual Bull Sale
DEC. 2, 2023
At the Ranch, Spearfish, SD

140 Angus &
Hereford Bulls

15 Hereford
Bred Heifers

FREDERICKSON

Ranch

On behalf of Frederickson Ranch, we invite you to our 14th annual production sale at the ranch west of Spearfish, SD. Frederickson Ranch has been fortunate and blessed to have spent the past 13 years marketing our seedstock under Pyramid Beef LLC partnership. However, this year we are excited for a new change and opportunity to move forward and market our program under the Frederickson Ranch name and brand. We are committed to providing the same great genetics and customer service that we have provided for our customers for the past 13 years. We continue to build and expand our relationships with feedyards looking for high quality feeder cattle. It has been both humbling and rewarding to be able to work with some of the most astute and progressive cattlemen and women. What exciting times to be in the cattle business! Blessed with record feeder calf prices and above average moisture in most of our trade territory. The numbers continue to be on our side. Beef demand is strong, feedyard placements are up and heifer retention low. All signifies that these price levels should be here to stay for the next several years.

The Ranch will be offering 140 + Angus and Hereford bulls, along with a select group of Hereford-bred females. We will again offer both yearling and 2 year-old bulls, giving our customers different options to choose from. We pride ourselves on producing functional, balanced cattle, that thrive in our short grass limited feed environment. Frederickson Ranch has spent the past three decades building a program based on efficient, lower maintenance, problem free genetics along with providing exceptional customer service and avenues to help customers add to their bottom line. The basis of our whole marketing program has been built on building relationships and connecting with customers.

The bulls and females are available any time for viewing at the Ranch. We invite you to stop by anytime for a visit or go on over to our website to learn more about our program.

This year we are providing some education, great food, and fellowship Friday night before the sale. We invite you to make a little weekend pre-Christmas getaway and take in the wonderful venues this area has to offer.

- Nate, Jayna, Teegan & Tiernan · Mark & Mary Kay

Join us Friday evening for a pre-sale social and dinner. A true pasture to plate experience, with a great steak from our friends at Upper Iowa Beef. Following supper, we will have a short program with Precision Risk Management discussing risk management strategies for cow/calf producers and Mark Johnson Director of beef supply chain from Select Sires/Low Carbon Solutions talking on the status of the feeder calf trade and future opportunities. Plan to look at bulls in the afternoon with complimentary social starting at 5 pm and supper to follow at 6 pm.

SALE DAY DETAILS

CATTLE VIEWING: Cattle may be viewed at Frederickson Ranch, west of Spearfish, S.D. Call anytime for directions or a consult.

SALE TERMS & CONDITIONS: All cattle sell under the standard terms and conditions of the American Angus Association and the American Hereford Association. Terms of the sale are cash.

SALE ORDER: A final sale order will be posted the week of the sale. Cattle will be sold by pens. Angus and Hereford will be intermixed throughout the sale. Bred heifers will sell at the conclusion of the bulls.

BASE PRICE: There will be a base price of \$3500 on all bulls selling and a base price of \$3000 on all bred heifers selling.

SCROTAL MEASUREMENTS: Scrotal measurements are taken in the spring and adjusted to a year of age.

LUNCH: Please Join us for a complimentary beef tri-tip lunch before the sale.

ANNOUNCEMENTS: All announcements made the day of sale will take precedence over all printed material.

DELIVERY: Frederickson Ranch is offering free delivery on all bulls sold within a 300 mile radius of Spearfish, S.D. We will work with you on making arrangements on animals traveling further than 300 miles. Receive a \$50 discount per bull if you haul your own sale day.

GUARANTEE: All bulls selling will be unconditionally guaranteed for the first breeding season. 100% of the value of the injured or infertile bull minus (\$2,500 salvage value for 2yr olds, \$2,000 for yearlings selling) will be given as credit towards the replacement of one purchase in a future sale or a replacement bull if one is available. We ask that customers make us aware of issues as soon as they may occur.

HERD HEALTH: All cattle selling have gone through a complete herd health program, custom tailored by CATL Resources. All 2-year bulls selling have passed a breeding soundness exam. Yearling bulls will sell guaranteed to pass a semen test, but will not be tested until later this spring.

Note: Several of the older bulls in the sale have been used in our own herd for natural service. These bulls have gone through and passed all the proper testing.

Bred Heifers were ultrasounded in August to determine calving dates and will be re-preg checked just prior to sale day.

SEMEN INTEREST: Frederickson Ranch retains 1/3 semen interest in all bulls selling. The buyer receives 100% of salvage value.

VIDEOS: Videos of all the lots selling will be available for viewing on our website www.fredericksonranch.com or www.DVauktion.com.

THANK YOU, Ross!

A special thanks to our Herdsman, Ross Potter. Ross brings a wealth of knowledge to our operation. He manages the day-to-day operations with the cow herd and bull development center. Along with those duties, he does all of the AI'ing and assists with the mating decisions.

We'd LOVE
to see you
in person

However, if you are
unable to attend the
sale, you can register
to watch or bid online
through **DVAUCTION**
by following these
instructions:

Bid from home with DVAuction's "real-time" internet bidding service! Buying online is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "register" tab.
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction - a DV representative will notify you when you are approved.
3. Tune in for the sale and make your purchases!

After the sale, contact Nate to arrange transportation and payment. High speed internet is required for successful bidding - be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy Bidding: If you can't make time to watch the sale, register a proxy bid and DVAuction will represent your bid while you're away. Look for the "proxy bid" tab on the auction listing and fill in your maximum bids. They'll handle the rest!

Having troubles? During the auction, you can type a message to the operator at any time for assistance. DVAuction support can always be reached at (402) 474-5557.

ABOUT OUR *Program*

FREDERICKSON RANCH OFFERS TWO AGE GROUPS OF BULLS. This is done by design to not only provide our customers with two different age groups of bulls, but it also allows us to break up our calving due to labor and pasture constraints. The yearling bulls are primarily a product of our embryo transfer program and first calf heifers. The embryo calves are out of our commercial cows that summer on National Forest permits. Due to constraints getting cows tightly bred in the forest we expose them for 40 days before they head up in the middle of June. It is also more advantageous to have an older calf in the forest since the cattle travel a very large area. In addition, we calve the majority of our first calf heifers in February giving us a nice group of yearling calving ease heifers bull candidates. The older bulls in the sale are a product of our registered cows that calve in March and April. As you will notice in the sale book weaning weights will vary between the two programs. The embryo calves will have a definite advantage in weaning weights due to environmental conditions. The cows in the forest have fight less heat, flies and always seem to have an abundance of grass.

BULLS ARE ALL DEVELOPED RIGHT HERE AT THE RANCH. The bull calves are weaned in late August and put on a high roughage growing ration through the sale. After the sale we will back the bulls down and shoot for around a 2 lb. ADG. The yearling bulls will then be semen tested and delivered after April 1st.

The 2-year-old bulls are weaned around the first of November and put on a 2.5 lb. ADG grower ration through the spring. They are then turned out to pasture for 3 months and then brought back into the feedlot around Sept 1st. They will then be fed a 46 mg/cal diet to shine them up for sale day. 2-year-old bulls will be delivered shortly after the sale.

As you will notice we do not write any footnotes on the bulls selling, **WE FEEL THE CATTLE CAN SPEAK FOR THEMSELVES.** I feel I can get very repetitious, there is only so many times you can say a bull is out of an easy fleshing, good uddered cow. We also want you to know that we not just trying to sell you an individual animal, but a program. **A PROGRAM THAT IS VERY DISCIPLINED IN PROVIDING HIGH QUALITY GENETICS THAT WORK FOR YOU.**

We sincerely thank our
valued customers for
the past 13 years!

ANGUS BULL *Offering*

32 COMING 2-YEAR-OLD ANGUS BULLS • 47 YEARLING ANGUS BULLS

Pyramid Coal Train was retained in 2020 as our pick of the U2 Coalition sons. He continues the legacy of his sire by adding muscle shape power and performance. Coal Train's biggest attribute is his ability to add length of body to his offspring. His mother was a true gem of a cow, perfect udder, great feet, and unmatched fleshing ability. Coal Train will play a big role in our program moving forward, as we will calve over 30 daughters this spring. His maternal brother by Stellar sells as lot 105.

Pathfinder was brought in as a maternal calving ease sire. He is unique in the fact that the first 8 cows in his pedigree have all made pathfinder. Pathfinder sires' cattle that are attractive, clean made, and very correct in their structure. Pathfinder will sire more frame size than some of our other sires. We will be calving our first daughters this spring and they have the look to be the front pasture kind.

Sitz Incentive was sampled in our program after viewing him several times at stud. Incentive was the high selling bull for Sitz's in 2021 selling for \$230,000. Incentive is backed by the same great cow of Sitz Dignity. Incentive excels in siring cattle with length of body, tremendous structure, great feet, and a low PAP score. The Incentive bulls in this offering are some of the best we have produced to date, but we may like the heifer mates even better. We will be bringing back one of his sons to use in our program moving forward.

After making a few trips to different Angus herds and seeing Stellar's offspring, it was very evident we wanted to bring his influence into our program. Stellar is quickly becoming a household name in the Angus business for his ability to consistently sire cattle with muscle, power, depth of body and good feet. In addition, his daughters exhibit exceptional udders with moderate milk, making him an ideal sire for operations with limited feed resources. We will be calving our first daughters this spring.

We brought in Sitz Dignity in 2022, after I made a quick trip to Sitz Angus for their fall female sale. I toured through their bull calves and Sitz Dignity was a freshly weaned bull calf, but it was evident we wanted to keep close tabs on this calf, as he fit exactly what we strive for in type and kind. I'd like to note, he was out of exceptional female. His dam ended up being the high selling cow of the sale, and Dignity later sold the next spring to ABS. Dignity sires more true muscle shape than any bull in our lineup. He is very favorable to PAP and the feet on his offspring look outstanding.

Jameson was the high selling bull in our 2021 sale to Beef-360 semen company in MO. We used Jameson heavily in the spring of 2022. He sires cattle with extra depth of body and muscle shape. The best way to describe Jameson, is a that he is a "true power bull." Use Jameson sons to add depth of body, muscle, shape and sire steer calves the feeders will love.

9165 was the high selling Hereford bull in 2020, going to our good friends at Rausch Herefords and then leased to Beef-360 semen company. 9165 sires calving ease, with extra length and performance. His productive dam records ratios of 5 @ 114 for weaning and 5 @ 112 for weaning. 9165 combines two of the great breeding bulls of the Hereford breed Daybreak and Domino 3027.

Highland was added to the program in 2020 after seeing several progeny and wanting to add an outcross calving ease sire. Highland sires' cattle with excellent muscle shape, depth of body and still is a very consistent calving ease sire. Highland is also very unique in the fact that he transmits more eye pigment than any other Hereford sire we have used to date. Use Highland sons to moderate cow size, improve udder quality and muscle shape all while maintaining performance. We are very pleased with the first daughters we calved this spring.

Manifest is an outcross sire we sampled in 2022. Manifest sires cattle with an extra shot of performance, excellent depth, and muscle shape. The proven maternal lineage behind this bull, gives us confidence his daughters will be the right type and very productive. Use Manifest sons to sire those market topping baldy steer calves, that will leave you a set of highly valuable replacement females. The Manifest sons in this sale are out of some of the most proven cows on the ranch. Make sure to take a close look.

Perfecto 8104 has been used the last several years as a walking herd sire to replace his sire Perfecto 11B. 8104 is moderately framed, exceptionally footed and a very athletic bull. His mother was a perfectly uttered daughter of Deadwood. Use 8104 sons to moderate frame, add muscle, shape, and improve utter and foot quality. His daughters are very productive, moderate, and easy fleshing, the kind you want the whole herd to look like.

Desperado was used in 2022 on a few flushes to inject a little more performance and marbling into some of our lines. Desperado sires cattle with a little more frame. The cattle are long bodied, very correct and great footed. A great cross to add a shot of performance and growth to a set of very moderate, efficient angus cows.

FREDERICKSON
Ranch

Nate & Jayna Frederickson
10100 Homestake Road
Spearfish, SD 57783

At Frederickson Ranch we like to think we strive to have it all, however as most of you know and have experienced that is a very hard task and most times unrealistic to achieve. There is always a give and a take. More calving ease means less muscle, more performance means more inputs, more fleshing ability means more fat cover, etc. With that being said, the one thing we are not willing to give on is the mother cow and at the end of the day she is what drives the sustainability of our ranch and yours for generations to come. Her ability to breed back and raise a heavy calf year after year with minimal inputs and labor, that is what this business is all about. Sometimes we are all guilty of making things too complicated and at the end of the day this business is pretty simple. ***We hope to see you on Dec 2.***

Annual Bull Sale

12/2/23

At the Ranch, Spearfish, SD

Selling

150 Angus &
Hereford Bulls
15 Hereford
Bred Heifers
