Guarantee

Lehrkamp Livestock guarantees bulls for their first breeding season (60 days from turn-out) provided the bulls are managed properly and are kept in acceptable nutritional and physical health. Should death or injury occur to the bulls, it should be documented and verified by a licensed DVM, and all claims must be made by September 1 of the current year. Lehrkamp Livestock will either give credit to the buyer or replace the injured bull at their discretion, if a comparable bull is available.

Performance Records

CE (Calving Ease Direct) is expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first calf heifers.

BW (Birthweight EPD), expressed in pounds is a predictor of a sire's ability to transmit Birthweight to his progeny compared to that of other sires.

WW (Weaning Weight EPD), expressed in pounds, is a predictor of a sire's ability to transmit pre-Weaning growth to his progeny compared to that of other sires.

YW (Yearling Weight EPD), expressed in pounds, is a predictor of a sire's ability to transmit post-Weaning growth to his progeny compared to that of other sires.

Pedigree

Extreme care has been taken in copying each pedigree to avoid errors. We are not to be held responsible for any error which might appear and which is beyond our control in the printing of this catalog.

Sale Representatives:

Beau Ravellette, RPI Promotions.....605-685-8155

Scott Dirk, Tristate Livestock News605-380-6024

Health

All of the offering has been calthood vaccinated with Vision 7 and Eye-sight XP pinkeye shot. In the fall, they received Pyramid 5, Presponse HM, Vision 7 somnus, and Naselgen. They were also treated with Ivermax pour on in the fall and Clean Up II through the winter. The heifers have been Bangs vaccinated and the bulls are semen tested by Dr. Scott Cammack, DVM, of Sturgis, SD.

Terms

Please leave your correct name and address at the time of settlement so that certificates may be transferred correctly and promptly. Also, please leave directions to your ranch if you desire free delivery, up to 300 miles. Any disputes as to bids and bidders shall be settled by the auctioneer, whose decision shall be final and shall bind purchaser to the announcement of the sale. All announcements from the block take precedence over sale book.

Each animal will be at purchaser's risk as soon as sold; however, it will be cared for by the seller until delivery is made.

• FREE DELIVERY UP TO 300 MILES •

Every precaution will be exercised for the safety and welfare of those attending our sale; however, the ranch assumes no responsibility for accident or injury.

See you Sale Day!!

Dear Friends,

It is with great pleasure that we extend an invitation to join us for the 51st annual production sale on Saturday, March 30 at 1:00PM (MDT).

The bulls and heifers in this year's offering are out of returning sires, Deep Creek Reckon, TEX Playbook, SAT Wolverine, Reisig Intervention 9187, 21AR Playbook 0119, 21AR Playbook 0008, Musgrave Stunner, LL Knockout 914, and LL Pathfinder 929. Our newest and exciting sires are Brookings Prospector 1047, Brookings Banknote 4040, and Styles Exchange Rate. We are also offering a few Simmental/Angus bulls again this year, sired by SNK Mr After Hours and SNK Mr Game On.

We hope there is something that works for you in the new and returning sires. The Playbook sons are looking to be very good heifer bulls, the Knockout sons are hitting all the marks across the board, and the Prospector sons and daughter are sure to catch your eye!

Last spring and beginning of summer didn't look to be very good year, with the lack of moisture and the intermittent showers the grass at home matured early and it was tougher grazing. With that the calves here at home have the lighter weaning weights compared to the cattle we had on leases. With help from Janna Block and Hubbard Feeds, we had our hay tested and came up with a plan to use their Blueprint Pellet in our grain ration this winter along with feeding a mixed ration of alfalfa/grass/and forage Sudan. We feel the bulls are in better condition than they have been in the past few years. The bulls and heifers were summered without creep feed, and were weaned in October. Scott Cammack, DVM semen tested the bulls March 8, the scrotal measurements and yearling weights will be available sale day.

We invite you to visit us anytime and look at the bulls and heifers we are offering this year, as well as go through the cow herd. The bull and heifer videos will also be online at livestocklink.com or on our Facebook page. We appreciate your interest and invite you to give us your input on how we can help meet your cattle's needs. Please join us on Saturday March 30, come early for coffee, donuts, cookies, and to have lunch with us..... we are looking forward to seeing you.

Mike, Jodie

Carl, Taylor, Kelon, Landrie and Urie
