Hereford Yearling Bulls  
**12** Registered Angus  
Yearling Heifers

*Including 30 ET sons and daughters  
of Schiefelbein Showman 338*

*Online Only Auction: **DVAuction***

**Bidding Opens: 5/14/24 - 7 AM CST Bidding Closes: 5/15/24 - 7 PM CST**

# McLENNAN

## ANGUS RANCH

Dear Producers,

Our Hope is this catalog finds you and your families well this spring. In addition, we hope your calving season has been successful and without difficulty. We would like to thank everyone for your support of our program and confidence in our genetics. Thank you also for your acceptance and participation in our new sale format through DV Auction. The feedback from participants a year ago was very positive and we hope to continue to make improvements along the way.

The entire herd benefited greatly from the quality and quantity of grass Mother Nature produced on our summer lease last year and all classes of cattle went into the fall heavy and in great condition. The yearlings in this offering weaned and transitioned well to the growing ration and have remained healthy and gained steadily. Our yearling Angus bull and heifer offering will consist primarily of sons and daughters of Schiefelbein Showman 338, S Architect 9501 and Tehama Tahoe B767 as well as a number of high quality progeny out of our resident herd sires. The yearling Hereford bulls of my son Joseph's are all out of JDH AH Lincoln 106H. The vast majority of the entire offering is the result of our embryo transfer program so there are a number of half, three quarter and full siblings to select from for your breeding program.

The entire bull and female offering will be marketed in an "Online Only" Auction event through DV Auction which bidding will open on the morning of May 14th and bidding will close on the evening of May 15th. If you have never participated in this type of format before we are hopeful that buyers will find this version of marketing less stressful and user friendly. The format allows customers so much more buying flexibility and control than the traditional public auction model. In addition, the online format allows us to operate within the limitations of our own infrastructure here at home and will be considerably less stressful on the cattle. ***The bulls may be viewed anytime at our ranch west of Belle Fourche prior and during the sale event.***

We are incredibly thankful for your business over the years and are excited to serve you and your genetic needs in any way we can. To view the bulls and heifers or for any questions regarding the offering or the online marketing format, feel free to contact us anytime at (605)-645-1630.

Best wishes

- Jason & Karen

## SALE CONTACTS:

Jason McLennan ..... (605) 645-1630

Justin Dikoff, DVAuction..... (605) 290-0635

**TELEPHONE BIDS:** We guarantee sight unseen purchase satisfaction, if pre-approved by McLennan Angus Ranch, prior to sale. Bids will be handled in strict confidence.

**BUYER REGISTRATION:** All buyers must register a few days in advance of the sale opening date on [www.DVAuction.com](http://www.DVAuction.com) to bid. See next column for further instructions.

**CATTLE VIEWING:** Cattle may be viewed at McLennan Angus Ranch west of Belle Fourche, SD. For viewing, sale information, or a catalog, contact Jason at (605) 645-1630.

**SALE TERMS & CONDITIONS:** All cattle sell under the standard terms and conditions of the American Angus Association and the American Hereford Association, respectively. Terms of the sale are cash.

**ADDITIONAL PERFORMANCE DATA:** Scrotal measurements and carcass data will be available via supplement sheet online at [DVAuction.com](http://DVAuction.com) or by contacting Jason.

**ANNOUNCEMENTS:** All announcements posted at [DVAuction.com](http://DVAuction.com) the day of sale will take precedence over all printed material.

**HERD HEALTH:** The bulls have had a complete herd health program since birth. All bulls have gone through and passed a breeding soundness exam.

**DELIVERY:** We are offering free delivery on all bulls sold within a 300 mile radius of Belle Fourche, S.D. We will work with you on making arrangements on animals traveling further than 300 miles.

Female buyers are responsible for the transportation of their new purchases.

**VIDEOS:** Visit [www.DVAuction.com](http://www.DVAuction.com) for videos of the bulls.

**SEMEN INTEREST:** McLennan Angus Ranch is retaining a 1/3 semen interest on all bulls selling, unless otherwise noted.

**GUARANTEE:** All bulls selling for \$3500 or more will be unconditionally guaranteed for the first breeding season. 50% of the value of the injured or infertile bull minus any salvage value will be given as credit towards the replacement of one purchase in a future sale or a replacement bull if one is available. We ask that customers make us aware of issues as soon as they may occur.

## HOW DOES THE DVAUCTION ONLINE AUCTION WORK?

Customers can preview the lots at our ranch or view them online with complete information, including Pedigree, EPDs, and video, for several days before the sale at [www.DVAuction.com](http://www.DVAuction.com)

**Bidding opens May 14, 2024, at 7 a.m. and closes May 15, 2024, at 7 p.m. CST**

- Bidders can bid incrementally any time from the time the bidding opens (May 14, 2024 at 7 a.m. CST) until the time bidding closes (May 15, 2024 at 7 p.m. CST)

## OR

- Bidders can leave a maximum bid, which the system will represent confidentially up to that amount.

*\*All lots for this event will close at the same time. If a bid is placed within 5 minutes of the closing time, closing times for that event will be extended 5 minutes for all lots after that bid. This continues until no bids are placed for 5 minutes.*

**For general questions to set up account please contact DVAuctions office at: 402-316-5460 or [support@dvauction.com](mailto:support@dvauction.com)**

**\*\*HIGH SPEED INTERNET ACCESS REQUIRED**

LOT 1 • MCLENNAN SHOWMAN 3219

**ABOUT THE OFFERING:** This offering consists of our second large group of progeny produced through the use of embryo transfer. We were able to flush successfully 7 donor cows that have a long and proven track record in our program and environment. We opted to flush all the donors to Shiefelbein Showman 338 after seeing the bull as a yearling and more importantly researching his progeny at a couple of very reputable operations. The bull complemented our group of donors in tremendous fashion with consistent results on both the bull and heifer calves. The calves started light, but, took shape rapidly and weaned heavy. The Showman progeny are thick made, very sound cattle that possess a very eye appealing phenotype that is very repeatable for both bulls and heifers. Uniquely, for a bull that excels for growth, a high percentage of the bulls are more than suitable for use on heifers. Cattlemen will appreciate their masculinity, boldness of rib and natural fleshing ability. They should be an excellent breeding choice for operators looking to power up their calf crop but also keep a high percentage of high quality replacement females.

SUITABLE FOR USE ON HEIFERS

**SHOWMAN 338 X MCLENNAN ESTRADA 345:** Estrada 345 has been dominant as a producer for her entire tenure. She is moderate in frame but massive in her design. She has loads of volume while remaining feminine and stamps her progeny with class, soundness and thickness. In addition, after conducting the genomic testing she is a unique combination of lower birth while being well above average for growth for our program. Her progeny in this offering out of Shiefelbein Showman 338 and S Architect 9501 are exceptional.

SUITABLE FOR USE ON HEIFERS

**SHOWMAN 338 X MCLENNAN LADY BLUE 508:** Lady Blue 508 is a balanced, highly maternal sound cow that stems from a cow family responsible for producing a number of bulls that have been purchased by registered breeders. The bulls out of this mating are a bit larger outlined than the other mating combinations. The bull calves out of 508 weaned heavy and performed tremendously on test to the time of collecting yearling data. Lot 3 is the heaviest bull in the offering, but, is in great company with his full siblings having the ability to add pound and power to any calf crop.

SUITABLE FOR USE ON HEIFERS

**SHCIEFELBEIN 338 X MCLENNAN LADY BLANCHE 221:** This flush was very consistent for type and kind. The bulls and heifers are high volume cattle with exceptional muscle expression. I anticipate the sons from this flush to have the ability to sire front end steers and tremendous females with loads of style, soundness and longevity. The heifers being offered are high volume, thick made females that should excel for production and remain in the herd for many years. The 221 cow is still neat in her udder design, sound and marks her progeny with eye catching phenotype.

Broadcasting Real-Time Auctions

### BUYING ONLINE IS AS EASY AS 1, 2, 3...

1. Create an account at [www.dvauction.com](http://www.dvauction.com) under the "register" tab.
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction - a DV representative will notify you when you are approved.
3. Tune in for the sale and make your purchases!

After the sale, contact Jason to arrange transportation and payment. High speed internet is required for successful bidding - be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy Bidding: If you can't make time to watch the sale, register a proxy bid and DVAuction will represent your bid while you're away. Look for the "proxy bid" tab on the auction listing and fill in your maximum bids. They'll handle the rest!

Having troubles? During the auction, you can type a message to the operator at any time for assistance. DVAuction support can always be reached at (402) 474-5557.

**S ARCHITECT 9501:** We used this popular herd sire on all of our donor cows after our embryo transfer project in an effort to create some outcross high end progeny that are off the charts in their EPD profile in comparison to much of the breed. His sons in this offering are very consistent, are sound made and deep sided. Lot 25 is a maternal brother to Lots 1 and 2 of this sale and is a uniquely powerful heifer bull candidate.

LOT 44 • MCLENNAN 11F LINCOLN 10L

**HEREFORD BULLS:** We don't have a lot of Herefords, but, we are very proud of the quality of the ones we are able to offer. My son Joseph owns all of the Hereford cattle and has been an enthusiast of the breed since first seeing them for the first time at Mark Frederickson's years ago as a little boy. He bought a small group of bred heifers from Mark a number of years ago and has bred them up from that core group ever since. The three sale bulls are all the result of mating JDH AH Lincoln 106H ET to Joseph's best cow McLennan Achieva 11F. This beautiful LCX Perfecto 11B daughter is designed exactly how we hope to mass create going forward. She is a moderate cow with a near perfect udder and great feet. In addition, she is correct in her structure and remains feminine through her head, neck and front end. We chose the power bull Lincoln, after much research, to inject some power, length and red meat into the progeny in an attempt to provide cattlemen with a powerful option to create feedlot demanding feeder cattle. We were very pleased with the results and feel this group of bulls will complement any set of black cows very admirably.

**ANGUS HEIFER OFFERING:** With the use of embryo transfer in our program the last few breeding seasons we have been able to mass produce a number of high quality progeny out of our most elite cows in our operation. The cows that we are choosing to build around have not only had to produce at a high level for a number of years in our environment, but, equally have to possess a superiority in traits such as soundness of structure, high quality udder design, fertility and fleshing ability. The heifers in the offering are truly right out of our own replacement pen and are bred and designed to be tremendous breeding females for any type of operation. Most of the female offering are daughters of Schiefelbein Showman 338 and are flush mates to the bulls selling. All of the females selling are completely current on all vaccinations and are ready to breed. We will also have the donor dam's to the heifers available for viewing for anyone wanting to research the cattle deeper than just the individual breeding data and information.
