MILLAR Angus

Welcome to the 23rd annual Millar Angus Bull Sale! Whether you're considering Millar Angus genetics for the first time or are a repeat customer, neighbor or friend...we thank you!

When it comes to the family, it's never a dull moment around our house! Ryle (17) is one of the guys around here. He keeps busy caring for his cattle and sheep, likes to team rope and loves quizzing his dad on cattle genetics. Kobi (14) is great help around the ranch, enjoys playing volleyball and chooses rodeo as her favorite sport. When it comes to us...chasing cows and kids pretty much sums up our "free time".

Looking toward the ranch side of things, 2023 proved to be a good year. It was a blessing to get some much needed moisture to replenish our hay yard and pastures. While we sure appreciated a stronger cattle market, we all know the industry comes with it's ups and downs. One thing we always try to focus on is control what we're able to. With that being said...quality typically sells. It excites us when we visit past customers who have seen an increase in weaning weights off the cow and in the feedlot. Expenses never seem to go down, so our goal is to produce cattle that will help your herd be as economical and profitable as possible.

All of our bulls have been raised with the rancher in mind: natural growth bred in, not fed on. If you're needing a bull to cover a little more country one of our two-year-olds should fit the bill. They're from our 2022 calf crop and have never before been offered for sale. All the bulls have been bred to add performance, length, thickness, carcass qualities and maternal strengths to your herd.

As always, we will keep the bulls until April and deliver them, free of charge. The bulls will be semen tested in March with scrotal measurements available sale day. All bulls sell FULLY GUARANTEED for the first breeding season with your satisfaction being our #1 priority. We invite you to stop by to view the bulls and the cowherd that produced them. We always love to talk cattle!

Jon, Brezzy, Ryle & Kobi

Herd Health:

We pasture weaned the bulls on September 10th. The bulls were transitioned over to a mixed ration of sorghum silage, ground hay, earlage and protein supplement where we targeted a 3.25 lb/day gain. We like to keep the bulls on a high roughage diet and grow them out to ensure sound feet, legs and longevity of the bulls.

Terms: The terms of the sale are cash or check payable at the sale facility unless satisfactory credit arrangements have been made prior to the sale. The right of property shall not pass until after settlement is made. All settlements must be made with the clerks of the sale before any cattle will be released. **Bids:** Every animal is to be sold and will be sold. No by-bidding is permitted. The highest bidder is the buyer. **Disputes:** In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters is final. **Announcements:** Errors discovered in the catalog will be corrected by announcements from the auction stand at sale time and will take precedence over the printed material in the catalog. **Accidents & Liabilities:** All persons attend the sale at their own risk and the seller and sales management assume no liability, legal or otherwise, for any accidents occurring in, on, or about the premises. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

**Directions to the ranch
from Sturgis, SD:**

Travel 20 miles east of Sturgis
on SD Highway 34.
After mile marker 55,
turn south on 145th Avenue.
Proceed 1 1/2 miles
to our driveway.

Accommodations:

Baymont Inn -- (605) 206-5400
Hotel Sturgis -- (605) 561-0116
Days Inn -- (605) 206-3077
Super 8 -- (605) 347-4447

Bid Online!
If you are unable to attend the sale,
you can register to watch or bid
online through The Livestock Link
by following these instructions:

The Livestock Link™
Videoing • Video Sales • Clerking
• Bid-by-Click Online Sales

- Visit our website, www.thelivestocklink.com
- Click the "Online Auctions" tab
- Click on "Click Here to Register"
- Enter your e-mail address and password, and fill out all your contact information
- Fill out your Banking Information. If you are only viewing the sale and do not wish to bid, this information can be left blank.
- Check the checkbox at the bottom of the page that says "I'm not a robot" to prove you are a real person
- Click "Register" at the bottom of the page
- You will receive an email with a link to activate your account.
- **Please register to bid at least 24 hours in advance of the sale.**
- Contact Aaron Friedt at (701) 590-9597 for help or with any questions.

You will receive an email when you are approved for bidding. All applications will be reviewed and processed promptly. You will receive a bidder number only after you have made a purchase in the sale, and that number will only be used at that sale. When the sale is completed, please contact the sale owner or manager for instructions of payment and delivery of your purchase.

To use our service, you must have access to High Speed Internet.

Selling 40 Sons

Millars *Duke* 816

Reg#: 19343216

CED	BW	WW	Milk	YW	SC	DOC
+8	-1.3	+97	+30	+156	+1.34	+27

Duke will take your program to new heights! His calves come easy with great vigor and smash the scales at weaning time. Duke is a true herd bull that adds length, volume, calving ease, growth, maternal power, fertility and super quiet dispositions to his offspring. Duke is backed by a Pathfinder® stacked cow family. His dam Millars Queen Lass 5273 holds a WW and YW ratios of 4@114, respectively. His daughters have successfully calved and exhibit true maternal characteristics with calm dispositions, great mothering ability and excellent udder design. Duke offers impeccable phenotype and performance with an outcross pedigree!

MOORE ANGUS

WE PUT A *Strong Emphasis* ON THE MAMA COW

We may be in the bull business, but we know it starts with the mama cow...you've got to have a good factory! For a cow to stay in our herd she needs to be efficient and functional, raising a big calf with consistent breed back year after year.

Here is a look at the 42 cows that are working in our herd today that have earned Pathfinder status.

The **PATHFINDER ANGUS PROGRAM** was started in 1978 in an effort to identify superior cows in the breed based on their records of performance from Angus Herd Improvement Records (AHIR). In identifying these superior cows, emphasis was placed on early puberty, breeding and early calving, followed by regularity of calving and above-average performance of the offspring.

The Pathfinder Report requires a minimum of three calves from a cow to determine her regularity of calving and ability to produce superior calves for weaning weight. In addition, an important part of the report is the list of bulls that have sired five or more qualifying females.

The Angus Pathfinder Report identifies cows that have excelled in production based on AHIR records of performance. To qualify for the report, a cow must have produced a calf measured through AHIR in the past 18 months.

- Balanced, smooth, eye catching Coalition son offering a strong maternal pedigree.
- 2152 was used cleanup last summer.

It Takes a Team!

Where do we begin...a simple THANK YOU does not come close to letting you know how much we appreciate each of you! Your dedication, time, energy and hard work you put into Millar Angus does not go unnoticed. We are so fortunate to work alongside you!

Cole Stoner

Cole has been our right hand man for nearly 5 years. From feeding, farming and fencing to cattle work and repairs... he'll tackle any job we throw his way! We appreciate your dedication Cole!

Jade Boyles

Jade's the new guy around this outfit and is fitting in great! There hasn't been a job he won't tackle. He recently got into the cow business and we look forward to having him a part of Team Millar Angus.

Greg Wetz

Greg may technically be retired, but he always pulls through for us at a drop of a hat! We enjoy having him around the days we need an extra hand around the ranch.

John Kirby

Around this outfit, we call him Little John. He hadn't calved out many cows when he started, but this marks the 9th year he's served as our "night-calving specialist".
