66th Annual
BULL AND FEMALE SALE

FEBRUARY 19, 2024 • PRESIDENT'S DAY • AT THE RANCH NEAR HOVEN, SOUTH DAKOTA

Greetings Cattlemen!

Welcome to our 66th Annual Bull and Female Sale! We sincerely hope this catalog finds you and your family in good health. We are grateful to make our living in this industry and don't count our blessings often enough. Our region has largely built back the hay reserves after last year's grueling winter. Red meat demand is evidently here to stay. High quality cattle are demanding premiums despite the roller coaster ride in the markets. Hopefully we can all buckle in the driver's seat and continue to make our cattle programs better while keeping inputs under control.

We understand that selecting herd bulls is one of the most important decisions you make for your program because it dictates the trajectory of your cowherd. We work hard to offer bulls that are rugged and practical so they can go to work anywhere and hold up well. Breed leading performance and carcass traits are found throughout the offering to help build a strong reputation for your calves from the feeding and packing industry.

Our offering is backed by females with a track record that speaks for itself. We remain committed to developing Dams of Distinction because efficient, fertile and productive females are the foundation of any successful cow herd.

In memory of Gary Rausch, two \$500 heifer grants will be awarded again this year. Gary loved helping youngsters pick out heifers on sale day. To qualify, the bidder must be under 21 years old and registered to bid sale day.

Thank you for your interest in our program. We love what we do and we're excited to share our best offering yet. If you have questions or can't attend the sale, we are happy to help you select bulls and heifers to fit your program. We appreciate your business and look forward to discussing how to meet your program's needs this year. We hope to see you on sale day!

Sincerely,

The Rausches

(Left to right): Sue & Shannon Rausch, Peter & Melinda Rausch, Kaitlyn, Levi, & Michael Rausch, Christine & Jacob Rausch

Sale Information

SALE TIME

Sunday afternoon and Monday morning

Cattle available for viewing.

Coffee and donuts will be served.

Monday 11 a.m. Lunch

Monday 12:30 p.m. Sale starts

RANCH ADDRESS

14831 Hereford Rd. Hoven, SD 57450
2 miles west of Hoven on HWY 20 & 47

Sale Details

RAUSCH GUARANTEE

Your satisfaction is very important to us. Bulls have an unconditional first breeding season guarantee. If an injury occurs, please let us know right away. The bull will either be returned at the buyer's expense or sold as salvage. The buyer will receive a replacement bull or credit, minus salvage value, towards a future purchase. All injured bulls must be diagnosed by a veterinarian.

DELIVERY & WINTERING

We offer free delivery within 300 miles for bulls or heifer loads of 5+ head. On further deliveries, we will coordinate loads to central locations. If you're unable to take delivery on your cattle by April 1, we will keep them for a cost of \$4/hd/day until they are picked up or delivered. Haul your own sale day and receive a \$100 discount per bull, \$50 per registered heifer and \$20 per commercial heifer.

VOLUME DISCOUNTS

5% discount for 5-9 bulls; 10% off for 10+ bulls purchased.

INSURANCE

Rausch Herefords will pay ½ of the premium for mortality insurance for one year if purchased at the time of settlement. Martin-Trudeau Insurance will be on hand sale day for your livestock insurance needs.

Martin-Trudeau

605-996-3106 or 800-450-3106

RETAINED INTEREST

We will retain 1/3 semen interest on all the sale bulls. The interest retained will not affect your use or schedule.

VACCINATION PROGRAM

- 6 weeks of age - Inforce 3, OneShot BVD, Ultrachoice 7 & Dectomax pour on
- Weaning - Inforce 3, OneShot BVD, Dectomax injectable, Ferrapease
- Pre-sale - Poured with Clean Up II insecticide
- All sale heifers have received Bovi Gold VL5 Pre-Breeding vaccination and BANGS tag.

Dr. Steph Smith, Veterinarian: (605) 690-4551

PEDIGREE REFERENCES

- **Dam of Distinction (DOD):** Cow has qualified as a Dam of Distinction.
- **Sire of Distinction (SOD):** Bull has sired 7 or more DODs.
- **Certified Hereford Beef (CHB):** Bull is a trait leader of Certified Hereford Beef.

Sale Details

LOT INFORMATION

- **Baldy Maternal Index (BMI\$):** Use this index heavily if you are creating replacement females. The index helps to find Hereford bulls that will match Angus cows to create a valuable F1 female.
- **Certified Hereford Beef Index (CHB):** Use this index heavily if you want to increase the value of your feeder cattle by retained ownership or finishing. This index is always relevant because strong carcass traits build the reputation of your feeder cattle regardless of where they are fed.
- **TOTAL \$ Index:** An index for total genetic merit. TOTAL\$ is calculated using AHA EPD traits. We believe it creates another balanced approach for selecting calving ease, growth, carcass and maternal traits. This index is used only within the herd.
- **Weaning Weight Ratio (WWR):** How an animal compares to his contemporaries on weaning weight (percentage).
- **Yearling Weight Ratio (YWR):** How an animal compares to his contemporaries on yearling weight (percentage).
- **Scrotal Circumference (SC):** Actual scrotal measurements (cm) on December 20, 2023.
- **Birth Weight (BW):** Actual birth weight (lbs).

EPDs

Catalog EPDs were current as of 1/3/24. All genomically tested animals will have the GE EPD logo next to their information. If any bulls are known carriers of genetic defects, it will be noted in the footnotes. Abbreviations listed below.

CED: Calving Ease Direct

BW: Birth Weight

WW: Weaning Weight

YW: Yearling Weight

SC: Scrotal Circumference

FERT: Cow Fertility

MILK: Maternal Milk

CEM: Calving Ease Maternal

TEAT: Teat Score

UDDR: Udder Score

CARC WT: Carcass Weight

REA: Ribeye Area

MARB: Marbling

TERMS & CONDITIONS

Each animal will be sold to the highest bidder. The auctioneer will settle any disputes as to bidding. Terms of all sales will be cash unless arrangements are made between purchaser and seller prior to sale. Corrections or additions of any information contained in the sale catalog will be announced from the auction stand and will take precedence over any printed material. The animal becomes the property of the purchaser as soon as sold, but it shall be the responsibility of the seller to see that animals are properly cared for until delivered to the purchaser. Any death or injury after the animal is sold is at the buyer's risk. Anyone attending this sale attends at their own risk and without liability on the part of the owners or their employees. Individual health papers will be furnished with each animal permitting shipment to any state. International health and export papers will be the buyer's expense.

Recognizing the Best

WHY DAMS OF DISTINCTION ARE CRUCIAL TO THE SUCCESS OF OUR HERD

A cow receiving the Dam of Distinction honor is a cow that meets the highest standards of commercial cattle production. Only a few active cows are recognized in the Hereford breed each year. All heifers have the potential to be a Dam of Distinction, but only a small percentage fit the job description of an ideal cow year in and year out.

To qualify, a cow must have:

- Produced at least three calves.
- Initially calved at 30 months of age or less.
- 370 day calving intervals (400 day as a heifer).
- Average progeny weaning weight ratio of 105 or higher.

MARKETING ASSISTANCE

We'd love to help to add value to your cattle at sale time. Simply let us know at least 1-2 weeks in advance of your sale date, and we'll do our best to promote them to interested buyers. High quality females are demanding premiums and lately we've had strong interest from buyers looking for open and bred females out of Rausch bulls. Give us a call or send us a text or email with the details.

YEARLING BULLS

Lots One through Sixty-Five

These bulls are grown out well but not pushed for maximum gain. They're fed a high roughage ration with a very good mineral supplement. These bulls have never been creeped. By late spring they will be big, strong and ready to go to work!

INDEXES EXPLAINED

Baldy Maternal Index (BMI) is a maternally focused index that is based on a production system that uses Hereford x Angus cross cows. This index uses Sustained Cow Fertility, Weaning Weight, Mature Cow Weight, Milk, Dry Matter Intake, Carcass Weight, Marbling and Rib-eye Area. This index is geared to identify Hereford bulls that will be profitable when used in a rotational cross with mature commercial Angus cows.

Certified Hereford Beef Index (CHB) is a terminal sire index that is built on a production system where Hereford bulls are mated to mature commercial Angus cows where all progeny will be targeted for the finishing phase. This index uses Carcass Weight, Marbling, Rib-eye Area, Average Daily Gain, Dry Matter Intake and BackFat.

TWO-YEAR-OLD BULLS

Lots Seventy through One Sixty Nine

The spring two-year-old bulls are born in the late calving group in April/May. They are slowly grown on a high roughage diet through the first winter and graze on pasture the following summer. This ensures they develop as rugged, athletic breeding bulls for your program. They are ready for heavy service this spring.

A moderate framed, dark cherry red heifer that blends back into a massive upper rib. Granddam is a DOD.

REGISTERABLE OPEN HEIFERS

Heifers are sold in groups with the option of picking one or more.

The highest bidder can pick from the pen or purchase the remaining group for the same price.

Add \$40/hd at settlement and we will register them for you.

Index values on registerable heifers are an average of the sire and dam.

CEZ - Calving Ease Index is an index developed to express overall calving ease. This calculation is used only within Rausch Herefords.

We use CED, BW, and CEM EPD's to determine \$CEZ.
