SIDWELL RANCH & FRANK HEREFORDS

Monday, March 25, 2024

1:00 PM (Mtn.) • Sidwell Barn • Columbus, MT • Lunch at noon

SIDWELL RANCH

FRANK HEREFORDS

Dear Cattlemen,

Welcome to the 8th annual Sidwell Ranch and Frank Herefords Bull Sale. We are again excited to offer a set of bulls from both ranches that stand by our three “P” philosophy ... Performance, Precision, and Productivity.

Whether your cattle graze on the plains, dryland range, irrigated meadows, or at the base of the mountains, both ranches feel we are offering a set of yearling, long yearling, and two-year old Hereford bulls that will work for the registered and commercial cattleman alike. We have listened to our previous customers and we have not pushed or added extra polish to this year’s offering. They were raised on native grass that was extra lush last summer and fall and developed on a 13% high roughage grower ration. This is currently some of our favorite bulls that we have offered to date. If you are basing your selection around maternal, carcass, or baldy influence traits, we have your bases covered. In addition to the registered bulls, we are also offering X crossbreds, to provide our customers with some additional genetic flexibility. We will have both polled and horned genetics that were bred specifically for your needs. As you flip through the catalog, you will find multiple paternal sibs being offered to increase consistency of the end goal ... your calf crop.

As of February, the cattle business is bright. The U.S. beef cow inventory is the lowest since 1951. With the projected fall calf prices on the rise, 2024 presents a unique opportunity to salvage some older bulls that are past their prime and replace them with younger, higher performing bulls, with more future, longevity, and fresher genetics.

In most cases, the dams and grandams of these bulls are still in production in both herds. We stress longevity, functionality, and soundness coupled with performance and the “front pasture” cow that you can enjoy looking at on each trip across the range.

We hope that you’ll look through the offering, scrutinize their pedigrees, examine their genetic profiles, give us a call with questions, or stop by the ranch for your personal inspection.

We hope to see you March 25th at the Sidwell Sale barn in Columbus, MT. A smoked brisket catered lunch with all the trimmings will be served at noon, with the sale starting at 1:00pm.

See you on sale day,

Terms & Conditions:

This will be a video auction. Terms of the sale are cash unless other arrangements are made before the sale. All animals will be penned outside. All animals will sell to the highest bidder with the auctioneer settling any disputes as to bids. Announced changes in catalog information will take precedence over any printed material in catalog. The animals become the property of the highest bidder as soon as sold and will be cared for up to April 15th, at buyer's risk.

Breeding Guarantee:

All bulls will be guaranteed through the first 60 days of breeding season. If an injury or loss occurs, the buyer will receive 50% of the value of the injured bull, minus any salvage value, in a future sale or towards a replacement bull if one is available.

Pedigree:

All registered animals in the sale are clean of any genetic defects to the best of our knowledge. All potential genetic defect carriers have been DNA tested and will have a profile on file with the AHA.

Liability:

All persons attending the sale and related functions do so at their own risk. Sidwell Ranch/Frank Herefords assume no liability, legal or otherwise, for any accidents or injuries that may occur.

Retained Ownerships:

We will retain a percentage of several of the bulls. Terms will be announced sale day.

Absentee Bids:

Any person unable to attend can place a bid through Richard or Austin or any of the listed sale representatives.

Delivery:

Free delivery on 3 or more bulls regardless of distance. All single bull purchases will be delivered to a central location. For Canadian buyers, we will deliver to the nearest point of entry.

Insurance:

Animal injury or death resulting prior to delivery will not be the responsibility of Sidwell Ranch or Frank Herefords. This is an insurable risk. Sale insurance available through:

- ACT BW: 83, ACT WW: 705
- 2319 checks all the boxes. He offers calving ease, a Polled head, has 100% pigment on both eyes. He is red to the ground, deep ribbed, big topped, and sports a thick rear end. He has been good from day one. He is sired by Harvest H033, a proven sire, and phenomenal never miss mother. Check out the EPDs. More recently, His mother produced the Grand Champion 2023 Nile Merit heifer over all breeds. Retaining ½ interest.

2023 Grand Champion NILE Merit Heifer.

- ACT BW: 75, ACT WW: 630, Polled, RE PIG: 80, LE PIG:100
- We chose this bull as our lead off bull for many reasons, but the most important one was his structural correctness with added mass in a moderate framed package. When I reached out to Jan Ward for a bull that could offer power, muscle, and carcass but not give up maternal traits, this bull's sire, Boss 30J, rose to the top as a contender. We couldn't be happier with the outcome. His dam has been a high-powered bull producer for us for years and this bull is no exception. Multiple maternal brothers have gone to commercial breeders across the state. Retaining ½ semen interest.

- Our favorite Chieftan son in our offering. Out of a Turquoise daughter we purchased from Wards, this bull was a fan favorite of many who toured the ranch this summer. Soggy bodied, big hipped, and sound on his feet, we feel this bull has a bright future. Check out his fertility and maternal numbers. He will sire some beautiful replacements. He was selected as reserve in his bull calf division at NILE in 2023. Retaining 1/2 semen interest.

Make sure to check out his paternal sibs (tags 2265, 2273, and 2289) in the 2-year-old pen to see how he will excel. The Rimrock sons offer the growth, fertility, milking ability, carcass numbers and the indexes all in one package. Plus, he is the natural calf of our 339 donor cow that a majority of the bulls in this offering go back to.

- This bull is out of our Power 52E bull and Josh's Sim/Angus cow "Hope." Both his sire and dam have been very influential breeding tools at the ranch. This bull has the depth and middle to add pounds to your steer calves but also the ability to produce some amazing females at the same time. If you need to fix udders in your cow herd and like the look of a deep soggy cow, this bull is for you.

- We have been extremely happy with how the Rimrock sons came into themselves as 2-year-olds. We chose their sire from NJW Polled Herefords to add a little more frame and carcass but still keep some maternal to produce replacement females. This bull and his paternal sibs (tag 2273, 2289 and 2396) will make a great set of baldy steers and females.

The Montana Junior Hereford Association would like to introduce the new royalty for 2024, Queen – Sydnee Wilson

Sydnee is a senior at Thompson Falls High School and will be attending West Texas A&M University this fall. She was raised on a third-generation Hereford ranch in western Montana. She has a busy schedule between owning her own Hereford cattle that she raises and sells seed stock, and competing in 4-H and FFA. She is also on the national American Quarter Horse Association show team and competes throughout the U.S. In her spare time she serves as the President of the Montana Quarter Horse Youth Association and secretary of the Montana Junior Hereford Association. We are so pleased she was able to carve out some time to join us at our 8th Annual Sale.

- Harvest H033 is short marked, moderate in frame, stout in structure and thick with well-balanced individual performance with eye appeal and added carcass merit. Backed by an outstanding cow family, Harvest's maternal sister is in the donor program at Sandhill Farms and his dam was the high selling female in the Sandhill sale in 2021 to Baumgarten Cattle Co. in North Dakota.
- A true herd bull that offers phenotype and genotype to match. Top 1% for Carcass Weight/CHB, Top 5% for YW/Milk/M&G/Teat/Marbling, and Top 10% for BW/SC/MCE/Udder/REA
- Harvest has reported calving ease, growth, added carcass, and the adaptability to produce progeny that work in registered and commercial cow herds across the U.S. Harvest sons sold in multiple 2023 seed stock production sales across the country exhibiting numerous sale toppers.
- As of 2/1/24, both Sidwell Ranch and Frank Herefords have Harvest daughters in production exhibiting tight/level udders with quality milk flow.

ADD VALUE

WITH FEEDER CATTLE & REPLACEMENT FEMALE PROGRAMS

HEREFORD ADVANTAGE

An industry-changing feeder cattle marketing program through IMI Global to verify and add value to Hereford-influenced feeder cattle with superior genetics, health and management.

MATERNAL ADVANTAGE

A unique marketing program designed to add value to Hereford-sired commercial replacement females with added fertility, feed efficiency, profitability and docility.

PREMIUM RED BALDY

Take advantage of hybrid vigor by maximizing the best traits of Hereford and Red Angus genetics that provide commercial producers with premium replacement females.
