WELCOME

...to our 14th Fall Quarter Horse Production Sale!

The heart and foundation of our ranch operation is our Hereford cattle. Cattle and horses are an essential mix on a ranch like ours and the horses are now a big part of the program. Quality purebred livestock are a family passion and we follow many of the same principles in the cattle and horse breeding programs.

The 2017 foal offering is our largest ever mixing our long-time genetics with some new sires stirred in. We think they are our best ever and are proud to present them. The saddle horses are an outstanding group of young, home-raised horses with a few older horses consigned by friends and employees. They are horses we look forward to seeing continue to perform.

Ours is a family ranch and we work closely together in all aspects of its operation. Our ranch crew, including Devin Sweitzer and Josh Rolle, works our cattle horseback and Tigh Hotchkiss puts the finishing touches on all the ranchers. Prospect horses, the last few years, have been started by the High and Zimmerman families with guidance from Judah Bauman. We have found this program to be an excellent fit for us giving the horses a solid foundation. We look forward to your evaluation.

Dedicated to good ranching with good Herefords and Quarter Horses backed by our faith and integrity of business, our family sincerely appreciates the opportunity to present the product of our efforts to you.

All the pieces are in this filly: conformation, pedigree and great buckskin color. In today's world of new innovations, like embryo transfer, it's possible to "ride em" and "breed em". *We will retain an interest in this filly, talk to me before the sale as to terms.*

The first Colonel Frostwood horses to be offered under saddle and what a great way to get started. Although only three years old, this horse demonstrates a maturity of mind beyond his years. Very gentle and quiet minded, he will be good for almost any level of rider. He has quite a bit of experience including dragging calves at the branding. Soft in the bridle and very controllable, he will put a smile on your face. And, you won't miss him with his flash and chrome!

Sure enough black and shiny. Tornado tracks cattle nicely and is coming on well. Not as many big country, outside miles as some, but is ready for the big jobs.

102 | TIMID TIM

2011 Sorrel Gelding • Unregistered • 14.3 hh.

We named him "Timid" because the bullies all beat up on him. Easy to catch and nice to be around, he works a cow well and can be trusted. We have put kids and inexperienced riders on Tim, but he can be a bit higher energy type horse than "timid people" want.

103 | CASPER

2009 Sorrel Gelding • Unregistered • 14.3 hh.

His flaxen mane and tail will always be noticed and he could be the most athletic horse in the sale. He has worked the rope and been in the feedlot. A high energy horse, he lets you control it. I think he would make a great barrel horse. He was Cody's personal horse a couple of seasons.

104 | PIGEON

2007 Sorrel Gelding • Unregistered • 15.2 hh.

Big, strong, flashy gelding that will really work a cow and a rope. He has a soft handle and is a solid ranch horse. He does toe in some on the front, but stays sound and travels easy. He is fun to sort on and would make a great team penner.
