WELCOME

Richard and Becky Sidwell along with Frank Herefords, would like to welcome you to the 4th annual production sale. We ranch in the Columbus, Montana area in the shadows of the Beartooth Mountains raising reputation registered Hereford cattle. Becky and I established Sidwell Ranch 30 years ago. Richard started in the Hereford business 64 years ago when his father and grandfather gave him a heifer calf. That started an intense interest that has continued to the present. A huge influence from his father and grandfather to forge the ability to identify and mate high quality Hereford cattle.

We are very pleased to present this 2020 crop of bulls. Each year we strive to present a better group of bulls than the year before. This set of bulls are stout from end to end.

As in years past the calves are raised on mother milk and native grass. We are passionate about raising sound, functional bulls that will work in anyone's program. Our goal is to raise the highest quality Hereford cattle for our customers. The sires of these bulls represent some of the top genetics in the nation.

We strive to produce Herefords with fertility, calving ease, milk, fast growth and strong carcass traits. The cattle need quality and eye appeal with a quiet disposition. It

is with that thought that we provide genetics that will be profitable for our customers.

We will be available to answer any questions you may have concerning the offering and assist you. Cattle can be viewed any time prior to the sale. The bulls can be viewed on the internet.

All of the bulls are semen tested by Stillwater Vet Clinic prior to the sale. Weights will be available before March 30, 2021. We are looking forward to seeing you at the sale **March 20, 2021 at our Sale Barn at 186 Rapelje Road north of Columbus.**

Thank you for supporting our program through the years.

SALE TERMS & CONDITIONS:

Terms: Terms of the sale are cash unless prior arrangements have been made. Every lot will be sold to the highest bidder with the auctioneer settling disputes to bids. All cattle are the buyer's property as soon as sold. All announcements made from the auction block on sale day by the owner or auctioneer will take precedence over statements in the sale catalog.

Guarantee: Bulls selling are guaranteed for the first breeding season. Every animal in this sale is, to the best of our knowledge, free from any disease or defects. All animals are guaranteed breeders. If an animal fails to breed after a period of six months, it may be returned to the seller in good condition and in compliance with Montana Health Regulations. The seller reserves the right to try said animal for six months and if it proves to be a non-breeder, either an animal of comparable value will be substituted or credit will be given in a future sale on animal for animal basis. No other warranty of any nature is express or implied.

Health: Each bull will pass a semen test before leaving the ranch. The health of the herds is excellent. We guaranteed that all sale cattle will be able to ship to any state or Canadian province. All cattle are on a conditioning program and herd health program.

Additional Information: All Bulls have undergone genomic testing to ensure they are free of genetic defects and will have Genomic Enhanced EPD's. Scrotal measurements and Yearling weights will be available sale day.

Feed Arrangements: Bulls will be fed until April 10 at no cost. After said date, buyers will be charged for feed until delivery at a cost of \$8/day, at buyer's risk/expense. There will be a \$50 discount/head on all bulls taken home the day of the sale.

Delivery: Free delivery within 500 miles. Additional delivery beyond 500 miles will be charged at cost to central points anywhere in United States. For Canadian buyers, we deliver up to nearest points of entry. Reputable purebred livestock haulers will be contracted for delivery.

Liability: All persons attending the sale do so at their own risk. Neither the owners nor person associated with the sale assumes any liability, legal or otherwise.

Accommodations: Ask for the Sidwell Sale Rate: Super 8, Columbus: 406-322-4101 • Northern Hotel, Billings: 406-867-6767, numerous other accommodations available in Billings and Bozeman, MT.

SR LADY MADISON 521

FIFTH ANNUAL PRODUCTION SALE | MARCH 20, 2021

WELCOME

Welcome to the 2021 edition of our bull sale along with Sidwell Ranches. We are very thankful for the ongoing support of previous buyers as well as the recent interest in this year's set of Hereford bulls. We are striving every year to raise the highest quality polled and horned cattle and we feel that this set of bulls does not disappoint.

Our herd is very maternal and we demand our cows have good udders, good feet, and are great mothers from start to finish. You will find multiple bulls in our offering out of two-year old cows. There is no time like the beginning to start strong.

This set of bulls were raised on non-irrigated range in the Stillwater Valley of Montana without the addition of creep feed. We have developed these bulls on a 14% grower ration, free choice grass hay, and a solid mineral program. We are striving to provide a set of bulls that will have longevity and produce either replacements for you to keep, or steers that can top the scale when crossed on a cow of another color.

Also this year, Frank Herefords and Sidwell Ranches have implemented "genomic testing" on this group of yearling bulls for two reasons. First, to ensure correct parentage; and second, to

"weed out" any genetic defects that may have developed within the breed. Our extensive AI and embryo transfer programs help us build a better cowherd to offer you a better bull and take out some of the guesswork at the end of the day.

If you have any questions or are unable to attend on sale day, Josh and I are happy to help with selecting bulls to fit your program. Whether you need a bull to use on heifers or a bull for your cowherd, we are here for you. Bulls are available to look at any time prior to the sale.

Let our Passion be your Legacy!!

We hope to see you sale day:

-Austin and Josh

This "Power" son has the look and the numbers to back him up. Safe for heifers, but good enough to use on cows; this guy should give you what you're looking for. Out of a first calf heifer, he ranks in the top 10% for fertility, ribeye area, and the baldy index. Should have the ability to make some great replacements if that's the direction you are wanting to go.

We are offering his 2nd bull calf crop. They show thickness throughout. The heifer's are making super young cows with nice udders. Top selling bull in the Stuber ranch sale in 2015.

Owned with Stuber Ranch and Churchill Cattle Co. His mother is one of the top cows of the Hereford bred.

Owned with Sidwell Ranches, this bull has been a home run for us. Calving ease, growth, and eye appeal are the best ways to describe his calves. Bulls from both ranches will be offered in the 2020 sale.

Dante has gone on to produce some of our top weighing calves on both our registered and commercial side. His Bull/Steer calves are big topped with deep muscle. We have his first daughters in production and they are moderate framed, great mothers, with ideal udders.
